

## 5 Year & 10 Year Awards

The commemorative, hand painted glass mugs are our way of thanking those runners and walkers who return year after year to support Literacy Volunteers of Marion County.

It is not necessary that the five years be consecutive. One of those receiving a 5 year award last year, Larry Taylor, ran in 2000, 2001, 2002 2004 and 2007. It is also fine to switch events. For example, Stephen Griswold kept his streak intact by switching from the 5K run to the 5K walk one year while injured. (He is one of three individuals who have participated every year.) Stephen, James Watkins and Michael Wilson are up for 10 year awards this year. The fun run/walk also counts toward the awards.

If you observe errors in our tabulations or if you have been overlooked when the awards have been distributed, please contact our race director. We apologize for the fact that the fun run/walk records may be a bit incomplete.
